RG104 E-1 Box 132

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., July 14th, 1884.

Sir:

Referring to your letter of the 12th instant, in reply to mine of the 10th, in reference to the proposals for acid, I have to state that the custom and practice of the Department in accepting proposals for supplies is to award the contract to the lowest bidder for each article, and not to take the aggregate of all the bids of the same character of articles, and it is for this reason that I called your attention to the bids for Muriatic Acid.

Unless there is some good reason to the contrary,

RG104 E-1 Box 132

I think it best that the contract for Muriatic Acid should be awarded to and purchased in equal quantities during the year from Charles Lennig and Company and Savage and Stovell.

The award of the other supplies made by you will be approved.

Very respectfully,

R. E. Preston

Acting Director

Alexander Snowden, Esq.

Supt. Mint

Philadelphia.
